परि.निदे.एवं संयुक्त सचिव ईजीएस,

No. J-1011/18/2007-MGNREGA
Government of India
Department of Rural Development
(Mahatma Gandhi NREGA Division)

Krishi Bhavan New Delhi
Dated 21ˢᵗ August 2014

To

The Spl CS/ Prl Secretaries/Secretaries Rural Development (in charge of MGNREGA)

Subject: Provision for payment of technical assistants/barefoot engineers from the skilled wage (material) component of the work.

****

Dear Madam/Sir,

In accordance with the current focus of the Government to improve the quality of works being taken up under MGNREGA, several measures have already been initiated such as undertaking intensive planning and bringing in outcome orientation in work planning and execution.

2.   The States were asked to engage technical personnel (core staff) defined in the directive issued on 25ᵗʰ October 2013 expending the amount as part of the administrative costs. However it has been noticed that many of these positions are still vacant either due to the shortage of suitable manpower or shortage of funds under the head of Administrative costs.

3.   Therefore, with a view to overcoming this problem and ensuring adequate availability of funds for filling up all positions of the technical manpower, it has now been decided to issue the following guidelines:
   a) All positions of Technical Assistants / barefoot engineers @ one for every 2,500 active job cards shall necessarily be filled by the State Governments.
   b) The cost of technical assistants/barefoot engineers is allowed to be met from the skilled wage (material) component of the works.
   c) For this purpose, suitable provision shall be made in every work estimate, and the amount shall be credited in the account from which remuneration for these functionaries is paid.

5.   These guidelines will be effective from 1ˢᵗ October 2014.

Yours faithfully

(R. Subrahmanyam)
JS, MGNREGS (RE-I)
